| [Bella Tech System]- Trainee Programmer. | January 2015 – May 2015 | Development |

**Projects:**

| | |
|---|---|
| **BEPZA Automation** | The Bangladesh Export Processing Zones Authority is an agency of the Government of Bangladesh and is administered under the jurisdiction of the Prime Minister's Office. Its objective is to manage the various export processing zones in Bangladesh. So, the Management body decided to develop an integrated system that can manage various process like Company Permission, Plot and SFB allotment, Billing and Collection, Export Permit, Import Permit, Sample Permit, Repair Permit, Local Purchase, Sub-Contract Permit, Garbage & Wastage Permit, Dyeing Certificate, Visa Recommendation, Work Permit, Worker Database and rest process are coming time to time. This also integrated with self and other government organization. This will, no doubt, go a long way in ensuring accountability, transparency, and fair justice for huge workforce. |
